

# Blue Ribbon Loop

The pedestrian bridge over the dam at Iowa Power and Light is an excellent place to watch eagles, especially as the river freezes.

**Did you know that viewing water can have a positive effect on your health?** It's true! This 9-mile loop winds along the Iowa River with plenty of opportunity to view the river and various ponds.

The only major street crossings on this route are at Foster Road and North Dubuque (Iowa City) and at 5th Street and 1st Avenue (Coralville), which are both signalized. The on-street portions of the route are along low-volume streets.

-  Paved Trail
-  Sidepath/wide sidewalk
-  On-street Route
-  9-mile Blue Ribbon Loop
-  Temporary trail closure.
